May 1-3, 2024 | Live Conference | San Francisco, CA

Plus Optional

EPEC-Pediatrics Professional Development Workshop (PDW)

May 4, 2024 | Live Workshop

EPEC
Pediatrics

About the Program

EPEC (Education in Palliative and End-of-life Care) – Pediatrics: Funded from 2010-2017 by a US\$ 1.6 million grant of the US National Institute of Health/National Cancer Institute, EPEC-Pediatrics has now developed into the most comprehensive pediatric palliative care (PPC) curriculum and dissemination project world-wide. To date **1,774 clinicians from 114 countries/territories from all 6 continents have undergone our training.**

The EPEC-Pediatrics curriculum features state-of-the-art knowledge in pain and symptom management and training in the skills required to address key domains for pediatric palliative care. The program is designed to give pediatric healthcare professionals (incl. physicians, nurse practitioners, nurses, social workers, psychologists etc.) the knowledge and skills needed to provide excellent palliative care to their patients and their families.

26th Become an EPEC-Pediatrics Train-the-Trainer Conference

Registration includes:

- 3-day live interactive conference with plenaries and small-group breakout sessions at UCSF Mission Bay Conference Center
- Instruction using a train-the-trainer format (teaching you how to teach others) pediatric pain/ symptom management and key aspects of PPC to an interdisciplinary audience using interactive lecture, cases, and role play
- Access to 18 self-study online modules on pain and symptom management, grief and bereavement, child development, and more
- **Becoming an EPEC-Pediatrics Trainer:** Upon successful completion of the course AND 18 online training modules, you will receive access to:
 - **EPEC-Pediatrics teaching materials library** (22 PowerPoint Presentations)
 - **Comprehensive teaching handbook for each module to teach PPC to interdisciplinary teams**
 - **Trigger videos**

The Train-the-Trainer conference is open to all clinicians with experience in PPC and/or previous attendance at EPEC-Pediatrics workshops/symposia.
